

The POSTECH EPB-Department of Chemistry & Osaka University Institute for Protein Research Symposium

Date: January 11, 2014

Venue: Lecture hall (1F), Institute for Protein Research, Osaka University

PROGRAM

Joint Symposium of POSTECH EPB-Dep. of Chemistry and Osaka University Institute for Protein Research

09:20 - 09:30 Opening remarks by **Prof. Young-Ho Lee (Osaka University)**

09:30 - 10:00 **Prof. Hugh I. Kim (POSTECH)**

“Correlations between Monomeric Structures of Intrinsically Disordered Proteins and Their Dynamics of Amyloidogenic Aggregations”

10:00 - 10:30 **Prof. Young-Ho Lee (Osaka University)**

“Fine-tuned Intermolecular Interactions for Protein Functions”

10:30 - 10:50 **Mr. Yuxi Lin (Osaka University)**

“Context-dependent Amyloid Fibrillation of Amyloid β 1-40”

10:50 - 11:20 **Prof. Seung Hwan Cho (POSTECH)**

“Iridium-catalyzed Borylation of Secondary C-H Bonds Directed by a Hydrosilyl Group”

11:20 - 11:30 Closing remarks by **Prof. Joon Won Park (POSTECH)**

Contact: IPR, Osaka University, 3-2 Yamadaoka, Suita, Osaka 565-0871

Tel: +81-6-6879-8594 (General Affairs Unit), +81-6-6879-8615 (Young-Ho Lee)
